Improvement of the Research Competitiveness in
Neuroscience at Ernst-Moritz-Arndt University of Greifswald

Adult Brain Regeneration After Injuries

First Workshop: March 25-27, 2010
University Library, Greifswald, Germany

Program:

Thursday, March 25.

Keynote Lecture

Glial cells generate neurons – new approaches
to neuronal repair, *Magdalena Götz, Munich*

Friday, March 26.

Session 1: **Translational stroke research**

Session 2: **Stem cell transplantation**

Special Lecture

**Telomeres and stem cell aging: possible
roles in neurodegeneration**

Karl Lenhard Rudolph, Ulm

Session 3: **Functional relevance of adult
hippocampal neurogenesis**

Saturday, March 27.

Session 4: **Molecular mechanisms of brain
degeneration**

Session 5: **Imaging after injuries**

Confirmed Speakers:

Nora D Arous

Ludwig Aigner

Johannes Boltze

Holger Braun

Matthias Endres

Alexander Garthe

Magdalena Götz

Frank Kirchhoff

Zaal Kokaia

Georg Kuhn

Paul Lingor

Liliana Minichiello

Jens Minnerup

Adi Mizrahi

Dafin Muresan

Olivier Raineteau

Cédric Raoul

Karl Lenhard Rudolph

Marc A.M.J. van Zandvoort
